

PEQUOT
LIBRARY

Create a Work of Art: Picture Pequot Library!

While we can't stand "under the arches" right now, we're still as inspired as ever by the beauty and grace of Pequot Library's architecture. That's why we're calling on members of the community to express their love of Pequot by building their own version of the library at home, and then share with us! We'll collect everyone's work and create a special place on our website for all to visit and enjoy. We can't wait to see what you build!

Here's how:

1. Take a look at the photo of Pequot Library's building exterior on the next page. Notice the lines of the building, its shape, color, and features that make it special and unique.
2. Think about the way Pequot Library makes you feel, special thoughts or memories of the library that you have, and the things that make Pequot special to you.
3. Ask yourself: What does the building remind me of? How would the look of the building change if it were built with another material? What if it were a different color?
4. Put your own spin on it! Using materials that you have at home, create your own version of Pequot Library! Draw, paint, build - create with food! Whether you build with recycled materials, use technology, or incorporate nature, the sky's the limit - so get those creative juices flowing. (If you need some inspiration, scroll to page 3, where we've included a beautiful Pequot Library block tower, built by one of our youngest friends. 😊)
5. When you're done, share your creation with us via: marketing@pequotlibrary.org, so the team can add your masterpiece to our website.
